

Pathway: Chemistry

Area of Study: Science, Technology, Engineering, and Math

Seattle Colleges is committed to accessibility. If support is needed in accessing the information within this document please contact ds@seattlecolleges.edu.

Overview

This pathway is designed to meet [Associate of Science - Transfer, Track 1](#) (AS-Track1) degree requirements with a concentration in Chemistry. Completion of this degree opens doors to a variety of careers in public and private sectors such as academia, industry, and medicine. It also allows you to transfer into a Chemistry or related major at a four-year college or university.

Estimated Length of Completion

Degree: Associate of Science - Transfer, Track 1 (LRST1AS)
11 quarters, Part time

Career Opportunities

A Chemistry pathway can lead to various career opportunities. Examples include:

Industry

- Research & Development
 - Pharmacology, Applied Research, Chemical Engineer, Chemical Technology, Materials Science
- Quality Control/Regulatory
 - Chemical Health and Safety, Hazardous waste, Toxicology
- Sales/Marketing
 - Technical Sa ...(Read program QR code to see more)

Future Education

Once you complete this associates degree, additional education opportunities include, but are not limited to:

- Bachelor's degree in Chemistry, or a related field at a four-year college or university.
- Medical Certifications
- [Bachelor of Applied Science \(BAS\)](#) degree at one of the Seattle Colleges.

North Seattle College has direct transfer agreements with four-year institutions throughout Washington state, including the University of Washington, Washington State University, and Seattle University. Chemistry graduates from North have also transferred to out-of-state institutions. Program and admissions requirements vary from college-to-college. Contact a North advisor to create an educational plan tailored to transfer to the institution of your choice. You can use the College Navigator search engine found at <http://nces.ed.gov/collegenavigator> to find Chemistry programs in Washington state or around the country.

Pathway: Chemistry

Area of Study: Science, Technology, Engineering, and Math

Get Started

Step 1: Apply and register at North Seattle College anytime (the application is always free). Once you become a student, register for classes using the online class schedule and go to the academic calendar for registration dates and tuition deadlines.

Step 2: See an advisor to create a personalized educational plan by the end of your second quarter. Your plan will include prerequisites, graduation requirements, and transfer preparation if you plan to transfer to another college or university to earn a bachelor's degree.

Tuition and Fees

Learn more about the [estimated cost of attendance and general fees to attend college](#).

Financial Aid and Funding Resources

It's time to apply for Financial Aid for next year by completing either the [FAFSA](#) or the [WASFA](#) 2024-25.

Need help paying for college?

To apply for financial aid, including grants and scholarships you don't have to pay back, visit [North's Financial Aid Department](#) for details. Part-time and full-time students can qualify for financial aid funds.

Before Quarter One

- Take CHEM&139 General Chemistry Prep as a prerequisite to CHEM&161 General Chemistry with Lab I or take the [chemistry placement exam](#).
- [Pre-College or Transitional Studies Math](#) (if needed).
- [Pre-College or Transitional Studies English](#) (if needed).
- Apply for [Financial Aid](#) and other funding before your first quarter. Visit the [Financial Aid Office](#) to explore how to pay for college.
- [Transfer previous college credits](#) to North if applicable.
- Attend [New Student Orientation](#).
- [Explore placement options](#): take the [math](#) and [English](#) placement tool if needed.
- Make an informed choice on the [number of units to take each quarter](#).
- F-1 international students must enroll full time (12+ units) each quarter and check in with the [International Programs office](#) before the start of the quarter if enrolling in less than 12 units and/or before starting any work or volunteer experience.
- If you need academic accommodations for a documented disability, please contact [Disability Services](#).

A sample schedule and quarterly to-do list are below. The schedule and to-do list will help you explore courses and complete tasks on time. The guide assumes a fall quarter start, but you can begin in any quarter.

Sample Schedule

This is an example of a quarterly schedule:

Quarter 1

- MATH&141 Precalculus I (5 units)
- CHEM&161 General Chem W/Lab I (6 units)

Quarter 2

- CHEM&162 General Chem W/Lab II (6 units)
- MATH&142 Precalculus II (5 units)

Quarter 3

- CHEM&163 General Chem W/Lab III (6 units)
- MATH&151 Calculus I (5 units)

Quarter 4

- MATH&152 Calculus II (5 units)
- ENGL&101 English Composition I (5 units)

Quarter 5

- MATH&163 Calculus 3 (5 units)
- CHEM&241 Organic Chem I (4 units)

Quarter 6

- CHEM&251 Organic Chem Lab I (4 units)
- CHEM&242 Organic Chem II (4 units)

Quarter 7

- CHEM&243 Organic Chem III (4 units)
- CHEM&252 Organic Chem Lab II (4 units)

Quarter 8

- PHYS&114 General Phys I W/Lab (5 units)

Quarter 9

- PHYS&114 or PHYS&221 (5 units)
- CMST&220 or Visual, Literary and Perf Arts (5 units)
- UGR294 Independent Research (5 units)

Quarter 10

- PHYS&115 or PHYS&222 (5 units)
- CMST&230 or PHIL111 (5 units)
- UGR294 Independent Research (5 units)

Quarter 11

- PHYS&116 or PHYS&223 (5 units)
- ANTH275 or Individuals/Cultures/Societies (5 units)
- UGR294 Independent Research (5 units)

Sample Quarterly To-Do List

This is an example of a quarterly to-do list:

Quarter 1

- Schedule an appointment with your assigned advisor in [Starfish](#) to meet and discuss your goals. Learn more about Starfish [here](#).
- Explore careers and majors through workshops, [counseling](#) and [career services](#).
- Come to the [Library](#) to get help with research; check out resources; access computers and study space; and create media projects.
- Visit the [Student Learning Center](#) to learn about tutoring services offered in-person and online and biology/chemistry tutoring lab in HS 2642A.
- Check out [campus life: Student Clubs and Affinity Groups](#), [TRIO](#), [Equity & Welcome Center](#), [Wellness Center](#), etc.
- Apply to [LSAMP](#).

Quarter 2

- Create an [educational plan](#) with your [assigned advisor](#).
- Apply for [financial aid](#) for the upcoming academic year in Winter or Spring quarter to maximize your funding options.
- Visit [North's Transfer webpage](#) for transfer information.
- Consult Chemistry coordinators regarding internal and external STEM focused scholarships.
- Explore and join STEM focused club(s).

Quarter 3

- Apply for the [Seattle Colleges Foundation Scholarship](#) and [other scholarships](#).
- Consider [Student Leadership positions](#) and other [on-campus jobs](#) such as lab aid.
- Attend the University of Washington Undergraduate Research Symposium.

Quarter 4

- Explore four-year college and university websites.
- Review your general chemistry materials to prepare for organic chemistry.
- Update your educational plan and confirm your program of study with your [assigned advisor](#).
- Pursue work study opportunities in the stockroom and student learning center as a tutor.

Quarter 5

- Attend transfer fair and workshops.
- Update your educational plan with your [assigned advisor](#).
- Research and develop a list of four-year colleges and universities.

Quarter 6

- Look for summer internships such as Research Experience for Undergraduates (REUs).
- Visit potential universities and determine application deadlines.
- Contact Chemistry departments at potential universities.
- Apply for [financial aid](#) for the upcoming academic year in Winter or Spring quarter to maximize your funding options.
- Explore Undergraduate Research and internship opportunities and make a plan for completing a project.

05/01/2024

Pathway: **Chemistry**
Area of Study: **Science, Technology, Engineering, and Math**

Quarter 7

- Explore the branches of chemistry to begin to determine your primary area of interest.
- Develop a list of preferred transfer colleges and universities to visit and determine deadlines.

Quarter 8

- Update your educational plan with your [assigned advisor](#).

Quarter 9

- Participate in Undergraduate Research or Internships that are related to your major.
- Write your personal statement for transfer applications.
- Attend [transfer events](#) at North and universities of interest.

Quarter 10

- Apply for the [Associate of Science - Transfer, Track 1 \(AS-Track 1\)](#) degree in ctcLink. Check with your assigned advisor to be sure you are meeting degree requirements.
- Participate in Undergraduate Research or Internships that are related to your major.
- Apply for [financial aid](#) for the upcoming academic year in Winter or Spring quarter to maximize your funding options.

Quarter 11

- Check in with university for transfer plan.
