

Part-time and full-time faculty from ALL areas of study are welcome to participate!

Earn up to \$800 -Meetings Held Via Zoom

Apply by Dec. 1st

- No prior knowledge of climate science or climate justice needed.
- Provides resources and strategies to facilitate meaningful conversations with students.
- Create a module that weaves climate justice & civic engagement into your existing curriculum.
- Your module will be included into a growing Climate Justice Learning Repository.

*Dates for this Institute during Winter Quarter 2024 will be determined by participant availability.*

The Climate Justice Institute will be led by Heather Price (Chemistry), Paula Rebsom (Art) & Caroline Pew (ENVS/Chemistry).
