

Established in 1970, North Seattle College is an accredited two-year public institution known for the breadth of its educational choices, its student support services, and the excellence of its instruction. North's programs prepare students to transfer to a four-year college or university and/or enter the workforce, as well as serving those needing pre-college work. The statistics presented here are from the 2022-23 academic year.

### Continuing Education

### International Programs

## OUR GRADUATES

I am very thankful to the instructors and staff at NSC for their intimate guidance and support. The numerous resources available truly enabled me to unlock many opportunities I didn't believe were possible. I'll forever cherish all the lessons learned and memories I've made here.

*Tam, Associate of Applied Science in Early Childhood Education*

As an older learner from a non-traditional background, it was great to be around other students like me at NSC. While we each came from different backgrounds, what we had in common was our belief that education would unlock opportunities for us and for our communities.

*David, Graduate & King County Judge*

By attending North Seattle College, I realized how lucky I am to be a part of this wonderful community. NSC helped me realize my student dreams and I am so thankful for the extraordinary system that this college has. What's more exciting than loving what you do and where you are!

This college gave me one of the best opportunities of my life!

*Nadejda, Associate of Arts Transfer Degree*
