

BELINDA'S CLOSET

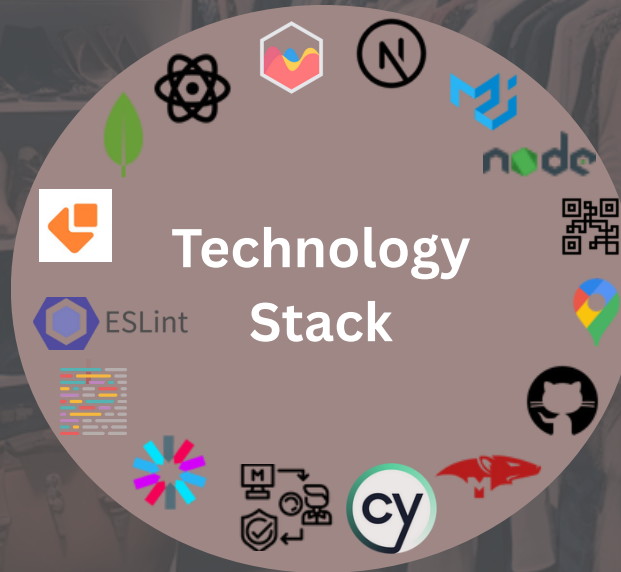

AD Capstone 2025

Streamlining Clothing Donations for Students at North Seattle College

Belinda's Closet is a full-stack web app that streamlines clothing donations, profile tracking, and inventory management at NSC. Admins manage items, while students browse, request, and update profiles through a responsive, user-friendly platform.

Key Features

- ◆ User authentication and role-based access (Admin, Creator, User)
- ◆ Product listing with filters by type and gender
- ◆ Donation form with email validation and submission tracking
- ◆ Profile management with live editing
- ◆ Weekly and monthly dashboards using Chart.js
- ◆ QR Code generation for public forms
- ◆ Integrated contact form with map (EmailJS + Google Maps)
- ◆ Admin controls for user role editing and item archiving
- ◆ Responsive dark/light mode via MUI themes
