

Established in 1970, North Seattle College is an accredited two-year public institution known for the breadth of its educational choices, its student support services, and the excellence of its instruction. North's programs prepare students to transfer to a four-year college or university and/or enter the workforce, as well as serving those needing pre-college work. The statistics presented here are from fall quarter 2025-26.

OUR GRADUATES

I am very thankful to the instructors and staff at NSC for their intimate guidance and support. The numerous resources available truly enabled me to unlock many opportunities I didn't believe were possible. I'll forever cherish all the lessons learned and memories I've made here.

Tam, Associate of Applied Science in Early Childhood Education

As an older learner from a non-traditional background, it was great to be around other students like me at NSC. While we each came from different backgrounds, what we had in common was our belief that education would unlock opportunities for us and for our communities.

David, Graduate & King County Judge

By attending North Seattle College, I realized how lucky I am to be a part of this wonderful community. NSC helped me realize my student dreams and I am so thankful for the extraordinary system that this college has. What's more exciting than loving what you do and where you are!

This college gave me one of the best opportunities of my life!

Nadejda, Associate of Arts Transfer Degree

POINTS OF PRIDE

- Sixty-two acres, including wetlands that are home to our mascot, the Pacific Tree Frog
- Fifty-seven countries represented by our students
- Thirty clubs and affinity groups
- John Lewis Memorial Pedestrian Bridge connects campus to Northgate Link Light Rail station
- Award-winning college-wide commitment to sustainability
- Focus on equity, diversity, inclusion, and community with a mission to dismantle institutional practices, policies, and infrastructure that are the root of equity gaps
- Services and support for our veterans, reservists, and active-duty personnel, ranging from help with issues having to do with veteran status to serving as a resource for military personnel transitioning into civilian life
- North's students go on to earn the highest median wages of any Washington community or technical college
- Among top five community and technical colleges in the state for transfer to four-year programs
