

# Certificate in Jewelry Design (CJD)

The purpose of this Certificate is to facilitate student creativity, to recognize student achievement and to demonstrate competence in this specific area of study.

Candidates for the Certificate in Jewelry Design must complete 60 quarter hours in the college transfer level courses (numbered 100 and above) with a grade point average(GPA) of 2.5 or better. The required Jewelry classes (25 credits) must be taken here at North Seattle Community College. At the completion of the required courses, the students must mount an exhibition of their work either on campus or at an approved venue. This should be a solid body of work expressing their mastery of materials.

Final approval and recommendation to award the CJD rests with the ART faculty.

The Certificate in Jewelry Design certifies completion of approved work, and is suitable for students currently working in Art, but it is not a transfer certificate.

Students seeking a B.A. or B.F.A. should consult NSCC Associate of Arts degree requirements and the graduation requirements of the University at which they intend to enroll.

All CJD art students must have an art advisor and must plan their program with that advisor. Some of the art courses are only offered once a year and students should consult their advisor and the annual schedule. Substitution may be made with the approval of the Art advisor and the Dean of Arts, Humanities & Social Sciences Division.

Most General Education requirements for this certificate are met by course content in various Art courses. Communication (5 credits) by ART 251, 252, 253; Human Relations (5 credits) can be fulfilled by CMST& 210 or CMST& 230. Students must take a 5 credit computation course from ACCT 110 or above.

This certificate is a 4 quarter program that can be completed during the regular school year and in the following summer quarter.

## Certificate in Jewelry Design

### Scope and Sequence 2012

Listed below is a possible course sequence for the CJD in Art; however it may be necessary to take courses out of sequence as the quarterly schedule dictates. For more information about program or the annual schedule contact the Humanities Division.

- Take Computer Art (ART 210) before Art Business (ART 290)

## Advising Help for Certificate in Jewelry Design (CJD)

Students, here are the steps to follow if you want a Certificate in Jewelry Design.

1. Obtain and read the college brochure about the Certificate in Jewelry Design.
2. Obtain, read, and begin to complete the program planning worksheet for the CJD. You may obtain this program planning worksheet from the jewelry instructor, the Arts, Humanities & Social Sciences Division, or an advisor.
3. After you have filled out the program planning sheet, by relying on actual transcripts of your courses here and elsewhere, make an appointment with the jewelry instructor. You need to talk with the faculty advisor early in your study so that you know which courses you must take in order to receive a certificate.
4. If you have transferred here from another school and wish to have credits from other colleges apply to your CJD, you must obtain the “Incoming Transcript Request” form and send it to the appropriate colleges. You need to send a separate request to each college involved. That form may be obtained at the front counter of the Admissions Office.
5. In approximately two weeks, check with the Records Room to see if your transcripts have arrived.
6. As soon as your transcripts have arrived, complete the “Application for Evaluation of Transfer Credits.” This form is obtainable at the front counter of the Admissions Office. Be sure to indicate the program for which you are requesting transfer credit. Once the Credentials Evaluators have received your transcripts and your application for evaluation of transfer credits, they will evaluate your credits on a first-come, first-served basis.
7. When you have completed 30 credits toward the Certificate in Jewelry Design, make an appointment to see an advisor so that your progress can be evaluated, and continuing plan toward graduation can be created. When you come to the meeting with the advisor, it is essential that you have all of your transcripts and a copy of your “Transfer Credit Evaluation” form. Bring all your transcripts and forms with you at this time and fill out your Program Planning Sheet.

8. When you are registered in your last quarter's classes toward the certificate, you should get a yellow form, "Application for Graduation," obtainable at the front counter of the Admissions Office, and submit the completed form and a copy of the completed worksheet to one of the Credentials Evaluators.
9. Have set a location for an exhibition, send out invitations and opening date.
10. Graduate, and Congratulations!
