

Accounting AAS-T – 505M
Requirements Effective Winter 2020
Program Planning Guide

Program Description: The Associate in Applied Science – Transfer (AAS-T) degree is built upon technical skills for job preparation but also includes college-level general education component common to all the AAS-T degrees. The Accounting AAS-T degree is designed as a transfer program for those interested in the Bachelor of Applied Science (BAS) in International Business, in Residential and Commercial Property Management, or in Accounting with International Accounting degrees at North Seattle College.

Prerequisites: Many classes have prerequisites. Prerequisites are those classes that prove eligibility for entry-level classes by testing or by having satisfied prior course work. Course work earned at other institutions must be unofficially evaluated or approved by a program advisor before registering. Classes with prerequisites are shown with an asterisk.

Accounting AAS-T Prerequisites: None for program. Individual courses may have prerequisites.

Note: Advanced placement testing, work experience, and transfer of credits may result in course waivers, credit transfer, and advanced placement. Please consult a college advisor and/or the program coordinator.

Note2: If pursuing a 4-yr accounting degree, it may be helpful to complete the AAS-T degree to transfer to the 4-year degree. For these students, we strongly recommend choosing ACCT& 201 and ACCT& 202 rather than ACCT 110 and 120.

Program:

Program Requirements		
Course Number	General Education/Related Instruction Requirements (20 credits)	Credit Hours
ENGL&101*	English Composition (See Note 1)	5
MATH 116	Applications of Math to Management, Life and Social Sciences (See Note 2)	5

Course Sequence:

This program of study is outlined by quarter, and courses should be taken in the following recommended sequence. However, students may not always proceed through their program of study exactly as prescribed here. The number of quarters listed here is minimal. Not all courses are offered every quarter. Individual student experiences, educational and training background, and personal schedules and demands all may affect the time it takes to finish this program. Also, in general, summer quarter is not considered one of the full-time quarters in the program.

Possible 2-Year Plan for Years 1 and 2: (Items listed in bold are General Education transfer requirements.)

Year	Fall		Winter		Spring	
Freshman	ENGL&101 (Composition I)	5	US Cultures/Global Studies Elective	5	Natural World Elective	5
	BUS 124 (Excel for Business)	5	ACCT& 201/110 (Financial I)	5	ACCT& 202/120 (Financial II)	5
