How to Use Starfish

What is Starfish?
Starfish is a student success platform that provides online appointment scheduling and targeted support for students. It makes it easy to find your instructors, advisors, and other services that can support you while you’re a student at Seattle Colleges.

How do I access Starfish?

- Access Starfish through the Schedule an Appointment button on the Advising page.
  northseattle.edu > Student Services > Advising
- You can also use this quick link northseattle.edu/starfish

1. Sign in
Sign in using your MySeattleColleges username and password. It’s the same you use to access campus WiFi!

2. Update
Make sure to check your profile so you can get emails and messages from your advisors and instructors through Starfish.

If you use a different first name, update it in ctcLink so it will display in Starfish.
Add an alternate email address if you don’t regularly check your Seattle Colleges email address.
Check this box to make sure you receive notifications on both email addresses!

Submit to save your changes.
3. Navigate
Use the menu icon in the top left to navigate to the other sections of your Starfish account.

4. Schedule
View and make appointments with your advisor, instructors, and other campus services in *My Success Network*.

You can schedule an appointment by selecting the drop-down arrow. Choose a reason for your appointment, and include any details that may be relevant for your advisor to know beforehand.

5. Explore
See messages, plans, upcoming appointments, and your dashboard, which shows all your recent activity, To-Dos, Kudos, Referrals, and other notifications.
